## **\$156.2 Million Powerball Ticket Sold in Wisconsin**

One lucky Wisconsin player is holding a \$156.2 million winning *Powerball* ticket from the Wednesday, March 22 Powerball drawing.

The winner matched five out of five numbers plus the *Powerball*. Wednesday's winning *Powerball* numbers were 2, 9, 27, 29 and 42 with a *Powerball* of 9. The Power Play number was 2.

The jackpot ticket is worth \$156.2 million when paid out as an annuity, or \$93.1 million as a lump sum cash payment.

The lucky winner purchased their ticket at Pewaukee Corner Pump at 1194 West Capitol Drive in Pewaukee. Retailers who sell winning tickets over \$599 receive an incentive of 2 percent of the winning ticket amount, up to \$100,000.

Winners at all prize levels have 180 days from the drawing to claim their prizes. A winner of \$155.2 million must claim their ticket in person at the Wisconsin Lottery's office in Madison.

This is the 16<sup>th</sup> *Powerball* jackpot ticket sold in Wisconsin since the game was introduced in April of 1992.

This will be the second largest prize awarded to a Wisconsin winner. The largest was a ticket worth \$208.8 million sold in August of 2006 to a group of 100 individuals who called themselves the Miracle 100. That ticket was sold at Ma and Pa Grocery in Fond du Lac.

*The odds of winning the jackpot prize are 1:292,201,338.*
