Saturday's *Megabucks* Drawing Features Highest Jackpot Since 2015 *\$5.5 million could be won in year's first weekend draw*

MADISON, Wis. – The year's first Saturday *Megabucks* drawing features a \$5.5 million jackpot, the game's largest since 2015. A record \$22.5 million jackpot on May 30, 2015 was the most recent in *Megabucks* history to surpass the \$5 million mark.

Megabucks is Wisconsin's own lotto game with drawings every Wednesday and Saturday night. Each set of two plays cost \$1 per draw. Players may choose six different numbers from 1 to 49. Tickets must be purchased by 9 p.m. to be included in that night's drawing. Jackpots begin at \$1 million and increase until won.

The present *Megabucks* jackpot is the 29th to reach \$5 million since the game's current format began in June 1992. The game's latest multi-million dollar win, totaling \$2.2 million, came on April 14, 2018.

The odds of winning the Megabucks jackpot is 1:7 million.
