# Onalaska Woman Claims \$100,000 *Powerball* Ticket

## *Powerball* Jackpot at \$140 Million for Saturday

Shannon Flynn of Onalaska is the lucky player who won \$100,000 in the Saturday, June 17 *Powerball* drawing.

Flynn matched four out of five numbers plus the *Powerball* to earn a \$50,000 prize. But, because she also purchased the Power Play prize multiplier feature, the \$50,000 prize was automatically multiplied by two. Power Play turned the \$50,000 ticket into a \$100,000 winner.

Flynn purchased her ticket at Kwik Trip at 9421 Hwy 16 in Onalaska.

The winning numbers from the Saturday, June 17 *Powerball* drawing were 10, 13, 32, 53 and 62 with a *Powerball* of 21. The Power Play number was 2.

Winners at all prize levels have 180 days from the drawing to claim their prizes.

The next *Powerball* drawing will be, Saturday, July 8. The estimated jackpot is \$140 million (\$87.9 million cash).

### How to Play

Tickets must be purchased by 9 p.m. on Wednesday and Saturday to be included in the drawing:

- Each ticket costs \$2 per play
- Choose five different numbers 1 to 69 and one *Powerball* number 1 to 26
- Sign your ticket and check it as soon as possible to avoid missing out on any prize you may have won

While the jackpot gets the most attention, there are other prizes to be won in *Powerball*. Prizes range from \$4 for matching just the *Powerball* to \$1 million for matching all five numbers (but not the *Powerball*).

For an extra \$1 per play, you can choose Power Play to increase your non-jackpot winnings which will be multiplied by the drawing's Power Play number. For example, if your prize is \$50,000 and the Power Play number is 5, you win \$250,000 just by adding Power Play. The \$1 million prize automatically becomes \$2 million with Power Play.

*The odds of winning the \$50,000 prize are 1:913,130.*
