## Pleasant Prairie Resident Claims \$50,000 *Powerball* Ticket

Nidia Cotto of Pleasant Prairie is the lucky winner who won \$50,000 from the Wednesday, May 4 *Powerball* drawing. Mitchell Gill of Hudson also won \$150,000 from the same drawing. Both tickets matched four out of five numbers plus the *Powerball*. Gill chose the Power Play option to increase his \$50,000 prize to \$150,000.

- Cotto's ticket was purchased at Stateline Citgo at 12720 North Sheridan Road in Pleasant Prairie.
- Gill's ticket was purchased at Kwik Trip at 2401 Crestview Drive in Hudson.

The winning numbers from the Wednesday, May 4 drawing were 30, 47, 57, 66, and 69. The *Powerball* was 3 and the Power Play number was 3.

### How to Play

Tickets must be purchased by 9:00 p.m. on Wednesday and Saturday to be included in the drawing:

- Each ticket costs \$2 per play
- Choose five different numbers 1-69 and one *Powerball* number 1-26
- Sign your ticket and check it as soon as possible to avoid missing out on any prize you may have won

While the jackpot gets the most attention, there are other prizes to be won in *Powerball*. Prizes range from \$4 for matching just the *Powerball* to \$1 million for matching all five numbers (but not the *Powerball*). For an extra \$1 per play, you can choose Power Play to increase your non-jackpot winnings which will be multiplied by the drawing's Power Play number. For example, if your prize is \$50,000 and the Power Play number is 5, you win \$250,000 just by adding Power Play. The \$1 million prize automatically becomes \$2 million with Power Play.

*The odds of winning the \$50,000 prize are 1:913,130.*
