Two Lucky *Powerball* Players Each Win \$150,000

Wisconsin has two lucky players from the Saturday, September 3 *Powerball* drawing. Each player matched four out of five numbers plus the *Powerball* which earns them the \$50,000 prize. Both players also added Power Play to increase their winnings to \$150,000. Winners at all prize levels have 180 days from Saturday's drawing to claim their prizes.

The winning numbers from the Saturday, September 3, 2016 drawing were 7, 39, 50, 59, and 67. The *Powerball* was 25 and the Power Play number was 3. The winning tickets from Saturday's drawing were sold at:

- Speedway at 10001 West Church Street in Franklin
- Clark at 6366 North 76th Street in Milwaukee

Since there was not a *Powerball* jackpot winner Saturday night, the jackpot continues to grow. The *Powerball* jackpot for Wednesday night's drawing is estimated at \$186 million (\$128.1 million cash).

While the jackpot gets the most attention, there are other prizes to be won in *Powerball*. Prizes range from \$4 for matching just the *Powerball* to \$1 million for matching all five numbers (but not the *Powerball*). For an extra \$1 per play, you can choose Power Play to increase your non-jackpot winnings which will be multiplied by the drawing's Power Play number. For example, if your prize is \$50,000 and the Power Play number is 5, you win \$250,000 just by adding Power Play. The \$1 million prize automatically becomes \$2 million with Power Play.

HOW TO PLAY

- Plays cost \$2 each
- Tickets must be purchased by 9:00 p.m. to be included in the drawing
- Choose five numbers between 1-69 and one *Powerball* number between 1-26
- Sign your ticket and check it as soon as possible to avoid missing out on any prize you may have won

The odds of winning the \$50,000 prize are 1:913,130.
