

The Wisconsin Lottery reserves the right to limit the number of plays placed on any type of Daily Pick 3 play. A play of 3 numbers that are the same as each other (e.g., 333) can only win Straight prizes. Prizes are approximately 48.2% of sales. Tickets, transactions, and winners are subject to state law and Lottery regulations. Prizes not claimed within 180 days after drawing are forfeited. For more details regarding Features and Procedures for Daily Pick 3, please visit **wilottery.com**.

- Prizes must be claimed within 180 days from the date of the lotto game draw, or from the declared game end for instant scratch tickets. Fast Play and Megabucks EZ Match prizes must be claimed within 180 days after the ticket is generated. Bonus drawings and some limited time offers may have shorter claim times. - See Wisconsin Lottery Winner Claim Form for additional details.

AVOID A SCAM

- Beware of a prize notice for a contest or giveaway that you never entered. If you have not entered, you probably have not won.
- Legal lotteries don't require payment of fees or surcharges to collect a prize.
- DO NOT accept phone, text, mail, or internet offers to buy a ticket for a chance into another state's or country's lottery. It is against the law to purchase foreign lottery tickets or lottery tickets sold outside the state of origin. Scam artists use the names of both legitimate and fraudulent lotteries to steal from unsuspecting individuals.
- Always verify phone numbers and mailing addresses by searching official sources.
- Never provide personal information such as bank account numbers, credit card numbers, Social Security numbers (SSN), or an individual tax identification number (ITIN) to someone you don't know.
- Beware of "urgent" solicitations that require an immediate response. It's a common tactic used in scams that give you little time to check out the offer.
- Legitimate lotteries DO NOT guarantee that you will win a prize and DO NOT require people to join prize pools to play.
- Do not agree to redeem a lottery ticket for someone else.
- If you would like to report a potential scam, call the Wisconsin Consumer Protection line at 800-422-7128 or email DATCPHotline@wisconsin.gov.

PLAY IT SAFE — PLAYER SECURITY

1. **Purchase Lottery tickets from a licensed Lottery retailer.** If someone offers you a "winning ticket" for cash, DON'T DO IT! Contact the Wisconsin Lottery immediately, as it more than likely is a scam.
2. **Check your tickets.** Make sure you receive the ticket(s) you intended to purchase. Players are responsible for checking the accuracy of tickets before leaving the store. Know the game being played. Game details are available at **wilottery.com**, the Wisconsin Lottery mobile app, or in brochures.
3. **Sign the back of your ticket immediately after purchase.** This is the most important thing to do to protect yourself from theft and to prove you own the ticket. Whoever signs the back of the ticket is considered the rightful owner. Until you sign your ticket, anyone can claim its prize.
4. **Keep your Lottery tickets in a safe place.** The Lottery is not liable for damaged, lost, or stolen tickets. By law, only the original ticket is valid to claim a prize.
5. **Check your ticket before handing it to a retailer for payment.** Players can use the Wisconsin Lottery mobile app, in-store ticket checkers, or Wisconsin Lottery vending machines to check tickets prior to taking them to the register for payment.
 - Know how much the ticket is worth before cashing. Some retailers have cashing policies.
 - Know the game rules, which can be found at **wilottery.com**.
 - If you think the prize is valued at \$600 or more, make a copy of the front and back of the ticket before redeeming it and sign the ticket back. Visit **wilottery.com** or the Wisconsin Lottery mobile app for "How to claim" prizes of \$600 or more.
6. **Review the prize payout transaction details.** Video screens showing Wisconsin Lottery transactions results are available at all Wisconsin Lottery retailers and are facing players. You may ask the retailer to show you the cash authorization slip as proof of the prize amount. **Note: The retailer retains the redeemed winning ticket(s) and cash authorization slip(s) for their records.**
7. **Double check - If you think you have a winner and are told your ticket did not win,** ask for the ticket(s) back along with the validation slip(s). Then contact the Wisconsin Lottery.
8. **If you still have questions regarding your ticket, you can call us at 608-261-4916. If you would rather contact us a different way, visit wilottery.com for additional options.**

PROGRESSIVE JACKPOT STARTS AT \$10,000!

Fast Play lotto games combine instant wins with a Progressive Jackpot.

Fast Play tickets are priced at \$1, \$2, \$5, and \$10. All Fast Play games contribute to one Progressive Jackpot. The price of your Fast Play ticket determines the percentage of the Jackpot your ticket can win, from 10% to 100% of the total Jackpot.

How to Play Fast Play Games:

1. Visit **wilottery.com** or the Wisconsin Lottery mobile app to learn more about available Fast Play games and the current Jackpot amount.
2. Select and purchase your ticket by asking for the Fast Play game of your choice at a Wisconsin Lottery retailer or vending machine. You can also create a digital QR code from the Wisconsin Lottery mobile app to present to a retailer or scan at self-service vending machines.
3. Receive and play your ticket. All prizes are instant wins, including the Jackpot! There are no drawings for Fast Play games.
4. Be sure to sign and safeguard your ticket. A ticket is needed to claim a prize.

Price	JACKPOT Win/Share	Odds
\$1	10% of JACKPOT	1:240,000
\$2	20% of JACKPOT	1:240,000
\$5	50% of JACKPOT	1:240,000
\$10	100% of JACKPOT	1:240,000

For Example: if the current Fast Play Jackpot is \$60,000 and a \$2 Fast Play ticket wins the Jackpot, that ticket wins \$12,000 (20% of \$60,000). The new available Jackpot for all Fast Play games becomes \$48,000 (\$60,000 minus \$12,000) and will grow from there.

The total Progressive Jackpot will never be below the starting amount of \$10,000. Individual Jackpots won may be less than \$10,000 based on the percentage of the total Progressive Jackpot that a game can win.

JACKPOT amount is estimated. JACKPOTS not won will be carried forward to the next ticket purchase. The JACKPOT amount won will be determined solely by the lottery gaming system at the exact time of ticket purchase. The JACKPOT amount paid is rounded down to the nearest whole dollar. Tickets, transactions, and winners are subject to state law and Lottery regulations. Fast Play prizes not claimed within 180 days after the Fast Play ticket is generated are forfeited. For more details regarding Features and Procedures for Fast Play games, please visit **wilottery.com**.

HOW TO PLAY RESPONSIBLY

If you're concerned that gambling is becoming more than a game for you, try using these guidelines to moderate your play.

- Think of the money you spend on lottery as the cost of entertainment and not as an investment. Consider any money you win a bonus.
- Set a dollar and time limit in advance, then stick to it. Leave when you reach your limit, whether you're winning or not.
- Understand that you'll likely lose your wager, and accept the loss as part of the game.
- Never spend outside your means, and don't borrow money to play the lottery.
- Don't let gambling of any type interfere with or become a substitute for family, friends, or work.
- Don't chase losses; chances are you'll lose even more trying to recoup your losses.
- Don't use playing the lottery as a way to cope with emotional or physical pain.
- Know the warning signs of problem gambling, and know it is ok to seek help if gambling has become a problem.

HOW TO SPOT THE SIGNS

Would you know a gambling problem if you saw it in a friend, loved one, coworker, patient, or student? Problem gambling can affect all ages, genders, and races, regardless of economic status.

Here are some warning signs:

- Preoccupied with gambling and unable to stop, trying to win back what was lost. Constantly researching or obsessing over gambling content via the internet or apps.
- Bragging about gambling, exaggerating wins, and minimizing losses.
- Restless and irritable when not gambling. Uninterested in previous hobbies or interests.
- Borrowing money from friends and family, taking out a quick loan or cash advances from credit cards for gambling.
- Participating in illegal activities to earn money for gambling.

- Lying about frequent unexplained absences, unpaid debts, or time spent gambling.
- Jeopardizing a significant relationship or job by gambling.
- Financial hardship, unable to afford basic needs, defaulting on loans, or losing personal possessions.
- Visiting lottery retailers, gambling facilities, or vending machines multiple times in one day.
- Hiding lottery tickets or receipts from family and friends.
- Physical and mental health worsens, experiencing anxiety, depression, or even suicidal thoughts.

HOW TO REACH OUT TO A FRIEND OR RELATIVE

If someone you know is gambling for more than fun, they may have a problem. Talking to them can seem scary, but they need you to have courage. Here are some ways to begin the conversation:

- Find a comfortable place to talk where you won't be disturbed.
- Keep it simple and straightforward.
- Tell the person you care about them and you're concerned about how they are acting.
- Tell the person exactly what they've done that concerns you.
- Tell the person how their behavior is affecting other people. Be specific.
- Be clear about what you expect from them, ("I want you to talk to someone about your gambling") and what they can expect from you, ("I won't cover for you anymore").
- After you've told the person what you've seen and how you feel, allow them to respond.
- Listen with a non-judgmental attitude.
- Let the person know you are willing to help, but don't try to counsel them yourself.
- Give the person information, not advice.
- Encourage them to call, text, or chat with someone at wi-problemgamblers.org. It's free and confidential.
