VALIDATING TICKETS

Any Lottery retailer may validate and cash tickets, and receive credit for prizes up to $599.00. If your location has a cashing policy or limit, the policy must be posted in a prominent location.

How to Cash Tickets
Your Lottery terminal will take the guesswork out of whether a ticket is a winner. You can cash winning tickets purchased from ANY Lottery Retailer with prizes up to $599.00.

Always scan instant scratch tickets AND get the Instant Ticket Cash slip before paying out any prize. You must validate a winning ticket on your terminal in order to receive credit for the prize paid out.

Do not attempt to validate a ticket that appears to have been altered.

To validate (cash) an instant scratch ticket:

- Scan the ticket secure shield barcode on front of ticket.

Confirmation Screen

- Winning Lotto tickets and instant tickets over $50.00 require an additional step prior to completing the validation. Retailers must verify the availability of store funds to pay the winning amount and press SEND if funds are available or press CANCEL if funds are unavailable. If funds are unavailable, return the ticket to the player after pressing CANCEL. Retailers must pay the player immediately after pressing SEND.
To validate more than one ticket, continue scanning the secure shield barcodes of the additional tickets.

OR

To manually validate and cash an instant ticket, scan the barcode on the back of the ticket or enter the numbers manually, then manually enter the 10-digit number under the play area on front of ticket.

Touch EXIT to complete.

An Instant Ticket Cash slip will print showing the total amount to pay the player.

Return to the player any non-winning ticket(s) along with the Instant Ticket Cash slip showing that the ticket(s) is a non winner.

For all winning tickets you should show the winner the Instant Ticket Cash slip but you will need to retain the Instant Ticket Cash slip for your accounting purposes.

After paying the prizes for winning tickets, tear the tickets in half through the validation barcode and attach the Instant Ticket Cash slip to one half of the ticket. Dispose of the other half. Retain ticket half with Instant Ticket Cash slip for one week. After one week, dispose of or shred the second half of the ticket with the Instant Ticket Cash slip.
Security of Instant Tickets

Always scan tickets and get the Instant Ticket Cash slip before paying out a prize. **Scanning tickets is how you get credit for tickets you cash.**

Do not attempt to validate a ticket if the barcode has been altered. The player may bring, or mail, the ticket to the Lottery.

Questions? Call the Retailer Hotline at 1-800-242-7782.

See next page for proper disposal of instant tickets.
IMPORTANT MESSAGE TO PREVENT FRAUD

- Always scan instant tickets.
- Get cash authorization before paying out $$$.
- Properly destroy cashed tickets.

Follow these instructions to properly dispose of instant tickets. After you scan an instant ticket and determine that it is a valid ticket, you can then pay the winner.

**Step 1**
Tear ticket in half or punch ticket through secure shield barcode and attach cash authorization slip to one half of the ticket.

**Step 2**
Dispose the other half of ticket.

**Step 3**
After one week, dispose or shred second half of ticket with cash authorization slip.

DO NOT ATTEMPT TO VALIDATE A TICKET THAT APPEARS TO HAVE BEEN ALTERED.
Questions: Call Retailer Hotline at 1-800-242-7782
You may wish to use an Instant ticket Tracking Form to balance

The Balancing Report is used to balance your Lottery sales and cashings with your cash register. The Balancing Report shows sales (money coming in) and payouts on the tickets you’ve cashed (money going out) each day. The Balancing Report does not show how many Instant Scratch tickets you’ve sold. Most retailers use an Instant Ticket Tracking Form to keep a count each day (or each shift) of the Instant scratch tickets that they have sold. Using an Instant Ticket Tracking Form can help when tickets are lost, stolen, or missing.

See example of a tracking form below.

See our website at https://retailer.wilottery.com, for more options.
Instant Ticket Safe Inventory

It is important to keep track of the instant tickets stored in your safe. Maintaining a record of ticket stock on hand will help with ordering tickets and provide a valuable record in case tickets are lost or stolen. See example below of an Instant Ticket Safe Inventory Form. For more options visit our website at https://retailer.wilottery.com.

LOST OR STOLEN TICKETS

Reporting Lost or Stolen Tickets

To prevent the cashing of lost or stolen tickets:

1) Call the Retailer Hotline at 1-800-242-7782 and select option 2 to report the missing tickets. The Hotline operates 24 hours a day and 365 days a year. Be prepared to provide the following information to the Hotline operator.

   • Your name and title
   • Retailer ID number
   • Business name and address
   • Game, pack, and ticket numbers of the missing tickets. Also the date and time you discovered the tickets missing along with where and when the tickets were last seen.
   • Once reported as missing to the Retailer Hotline, the ticket numbers will be entered into the Lottery central computer as “non-redeemable.” This removes the ability for the tickets to be cashed.

2) Contact your local police department to report the missing tickets and file a police report.

3) Retailer will receive a call from Wisconsin Lottery Security to verify information.

4) Contact your insurance company. **Lost tickets are your property** and the loss may be covered under your business insurance policy.

Found Them?

If tickets reported as missing are subsequently located, call the Retailer Hotline at 1-800-242-7782 immediately!

Questionable Tickets?

Do not redeem mutilated tickets or any tickets you suspect have been tampered with. Give the player a Winner Claim Form and instruct them to mail the ticket to the Lottery. Lottery Security will determine if a ticket is defective. Claim forms can also be found on the Lottery website at [https://wilottery.com](https://wilottery.com).

An example of the Winner Claim Form can be found on the following page.

### Claimant Information:

- **Multiple Winners Claiming a Prize:**
  - A court order is required when more than one person is claiming the prize. The court order must be accompanied by a separate Winner Claim Form for each person.
  - Prizes being claimed by more than one person must be processed at the Madison office. Payment may take up to two weeks after the court order is received by the Wisconsin Lottery.
  - All claimants are subject to tax withholding pursuant to Wisconsin and federal law.
  - For more information on sharing Lottery winnings, please refer to Publication 606, Wisconsin Taxation of Lottery winnings.

### Notice of Deduction Offset:

Wisconsin law requires the Lottery to check social security numbers with the Department of Revenue for claimants of all prizes $600 or more. This check is to determine if the winners of the Lottery prize are delinquent in payment of Wisconsin taxes, child support or debts to other governmental entities. If you are found to be delinquent in the payment of these liabilities, the amount due will be withheld from your winnings. If your prize is $600 or more, and you do not, or cannot, provide your social security number, you will not receive your check until after we have researched the Department of Revenue delinquency file.

Prizes that have an annuity or cash option feature (multi-million dollar jackpot games) must be claimed at the Madison Lottery office.

Contact the Player Hotline at (608) 226-4964 for more information: winlottery.com

Returning Instant Scratch Tickets

Periodically the Lottery ends games. Retailers are notified before any Instant Scratch games end. See an example of a Game End Flyer on the next page which contains retailer information on one side and player information on the other. Retailers may return full unopened packs of active games at any time prior to a game end date, however, this may prohibit your ability to order the same game number again in the future. Managing Game Ends is the retailer’s responsibility.

Tickets are returned by two methods:

1) **VIA FIELD MARKETING REPRESENTATIVE:** Your Lottery Field Marketing Representative can return tickets using your terminal. The terminal will print a record of the return that must be reviewed and signed by both the Retailer and Field Marketing Representative. Your return will be found on that week’s Billing Invoice Report.

2) **VIA A TICKET RETURN FORM:** A copy of the ticket return form and instruction sheet is available on the retailer website at [https://retailer.wilottery.com](https://retailer.wilottery.com). To get a Ticket Return Form mailed or faxed to you, please call the Retailer Hotline at 1-800-242-7782. To return tickets using a Ticket Return Form:

   • Complete the Ticket Return Form. Package the tickets to be returned along with the Ticket Return Form.
   
   • Notify the Lottery at 1-800-242-7782.
   
   • A delivery service will pick up the tickets within five business days.

Your credit will be issued when the returned tickets are processed by the Lottery.

See an example of the Instant Ticket Return Form on page 21. Forms can also be found on the Lottery retailer website at [https://retailer.wilottery.com](https://retailer.wilottery.com).

Traditional Pull-tab Games

Receiving Pull-tab Tickets

Redemption & Security

Games Available and Selling Tips
Traditional Pull-tabs cannot be validated on Lottery terminals.

Tickets are usually delivered the next working day after an order is placed. **When tickets are delivered you should immediately:**

- **Check the box number(s) of your Pull-tabs against the numbers on the packing slip**

- Retain the packing slip to keep records of your purchases and commissions and to identify lost or stolen tickets.

- Treat the Lottery Pull-tab tickets like **CASH**.

- Keep the Pull-tabs in the box and store them in a secure place, such as a safe, until ready to be sold. “Fishbowl” containers are provided free of charge. Call the Retailer Hotline at 1-800-242-7782 to order this convenient dispenser.

- Tickets must be redeemed at the location selling the tickets. The selling location is responsible for paying all prizes of tickets sold by that location.

**Packaging**

Traditional Pull-tabs are currently packaged in boxes of 1020, 1050, and 2040 tickets.

**Numbering**

Each box of Pull-tabs contains a 6-digit box number. The same box number appears on each Pull-tab ticket in the box.

**Flare Card**

The flare card is a point-of-sale item which can be displayed to inform players of the tickets available at your location. The flare card is packaged on the front of the box.
Redeeming Traditional Pull-tab tickets

- Traditional Pull-tabs are break-open tickets that do not have a validation barcode like you would find on a scratch ticket.

- Only redeem traditional Pull-tab tickets sold at your location the same day of purchase. To easily identify tickets you sell, compare the number printed at the bottom of each ticket to the number printed on the box.

- A winning ticket will display the FIRST winning symbol caption in pink, underlined in blue.

- All games have an additional security check - a validation code (W1, W2, W3, W4, W5) will appear under one of the separation strips.

- After redeeming a traditional Pull-tab, it is the retailer’s responsibility to void the ticket by tearing it in half. You may also punch or destroy it.

- Do **NOT** return the ticket to the player.

- Opened boxes of traditional Pull-tab tickets **cannot** be returned for credit regardless of the number of tickets remaining. A box is considered opened if the original shipping seal on that box is no longer intact.
Selling Tips

- Post the FLARE CARDS from the traditional Pull-tab box to show the prizes available.
- Use a Fish bowl (available free of charge) to display your pull-tabs.
- Pay out the top prizes in small denominations. Players may reinvest their winnings.

EQUIPMENT - LOTTERY TERMINAL

All electronic Lottery equipment requires a dedicated electrical connection. This is a standard electrical outlet which is on a circuit that always has power. Lottery terminals receive software updates during off-peak hours and must be powered 24 hours a day.

Lottery Terminal

Terminals are provided to retailers at no cost but remain the property of the Lottery. Installation, training, maintenance and repairs are included in the Lottery contract. A step by step Quick Reference Card with terminal operating instructions is provided at the time of installation.

See pages 44 - 47.

For help on loading printer paper or clearing printer jams, view the videos on the terminal.

EQUIPMENT - TICKET CHECKER (TSP)

The Ticket Checker has a large, easy-to-read display and comes with flexible mounting options. It quickly scans both Lotto and Instant Scratch tickets.

The Ticket Checker is used by players to check their own tickets. This can reduce the number of tickets that clerks need to scan on their terminal.
Lottoview informs players with real-time jackpot amounts and informational messages. It also displays transaction information, ticket validation amounts and time sensitive messaging for Public Alerts.
Equipment Located Outside

Your Lottery terminal will be connected to the Lottery gaming system through a wireless network using satellites or a Ventus (a cellular data system) unit.
Electronic Jackpot Signs display the current jackpot amounts for the Powerball, Mega Millions, and Megabucks Lotto games. The signs update automatically as the jackpot amounts change.
Lighted Jackpot Sign Management Policy

The objective of the Wisconsin Lottery’s Lighted Jackpot Sign Management Policy is to maintain cost-effective placement of our lighted jackpot signs, in order to maximize contributions to Wisconsin property tax relief. All equipment placement activities are based, in part, on availability of equipment. The administrator may deny a placement if there is reason to believe that the placement would unnecessarily risk Lottery equipment or personnel, or is found to be inconsistent with public interest.

The initial placement of lighted jackpot signs by IGT is intended for retailers who originally signed up through their Lottery field rep. This policy will then be used to maintain ongoing placement beyond original distribution. This equipment must be placed at financially productive locations, producing the maximum amount of revenue and property tax relief.

Initial Installs
Retailers were surveyed in the fall of 2018 to determine the quantities of both the large and the small lighted jackpot signs to establish the initial IGT order. Based on this initial survey, each retailer will receive the agreed upon sign. Any retailer who refuses installation, wants a different sign than they originally asked for, or opts out or does not have the necessary space and/or electricity will be removed from the initial installation list and be placed into a “waiting” list for future placement. Locations who have had a change of owner since the original survey but had an allocated sign, will be allocated that original size sign.

Following Initial Installs
Once initial installation has been completed, the “waiting” list shall be established. The list shall start with the next retailer number past the highest number installed. Once all existing numbers are on the list, all retailers who refused, opted out or did not have the necessary space or electricity will be added. This will be the new list for signs as they become available. As new retailer locations become Lottery retailers they will be added to the end of this list and the list will continue in numeric order. Signs will be offered to the next retailer on the list regardless of sign size, however they will remain on the list in their current spot if the correct size is not available to be offered. For example, if a convenience store wants a large sign but the next available sign is a small sign, they will remain on the list in their current spot and the next retailer on the list will be offered the small sign. Signs will be allocated from this list regardless of territory.

Timeliness of Activity
If the retailer elects not to accept the correct size sign when they become available that retailer will be removed from further consideration for one full year and will then be added back onto the bottom of the list at that time.

Geographic Consideration
A lighted jackpot sign may be placed in order to fulfill a geographic need. Should there be an area within the state that has very few Lottery retailers (one within a thirty mile radius), a sign may be placed in a retailer in that area without being placed on the waiting list. As indicated under s.565.02 (3), Stats. And Tax 61.04 (3), the Wisconsin Lottery has a responsibility to the general public to ensure that a sufficient number of retail locations are available throughout the state to serve public convenience. This will allow for dissemination of the jackpot amounts to all geographic areas of the state.

Placement at Key Account Locations Previously Refused
The placement of signs at key account retail locations that had previously refused signs shall follow the same criteria set forth in previous sections. However, should an agreement to display lighted jackpot signs in all stores within a key account prompt an additional purchase of signs to fulfill this agreement, said signs shall be installed in those locations without the need to wait on the list.
**Business Decisions**
Under certain circumstances, there may be a need to place a sign because of special business considerations. In such cases, the Director of the Lottery or Deputy Director if the director is not available, may approve placement at any location and at any time if they feel it is in the best interest of the Lottery and that it will maximize property tax relief.

**Once Placed**
Once a sign has been placed, it shall remain at that location and become part of the Lottery equipment as set forth in the retailer contract. The sign, along with the terminal and all other peripheral equipment shall be reassigned to a new retailer number following a change of owner. Should the need arise where the terminal equipment is removed from a retailer, the lighted jackpot sign shall be removed as well. That sign will then be reallocated to the retailer next on the waiting list. The exception would be equipment that is removed to preserve it during a remodel or rebuild.

**Remodeling/Rebuilding**
The lighted jackpot signs will follow the same criteria used to maintain placement of all Lottery equipment in a retail location. In the event of remodeling or rebuilding that requires the terminal and sign to be deactivated for an extended period (typically more than six days), a retailer will maintain the rights to their current terminal and sign for a period of six months. After 6 months of inactivity, the Field Marketing Representative of that retailer can submit a Business Decision request to extend the right for another two months. If the terminal is shut down for 8 months or longer, the Lottery may elect to reassign the sign, based on Lottery business needs. It is the responsibility of the retailer to keep the Lottery informed of remodeling and/or rebuilding activity that could affect Lottery equipment, per the retailer contract.

What You Need to Know

Public Alerts are available on the Lottery terminal. Wisconsin Amber Alert is an emergency child-abduction alert. Silver Alert is an emergency alert regarding an at-risk elderly person that has gone missing.

Public alerts are a collaborative partnership between law enforcement agencies, broadcasters, government agencies, and other groups to alert the general public when help is needed. Public alerts are made up of Amber and Silver alerts. It is one of the most effective strategies law enforcement agencies can use in reuniting children and adults with their families.

Wisconsin’s Alert Plans divide the state into nine separate regions: Milwaukee, Madison, Green Bay, Wausau, La Crosse, Eau Claire, Rhinelander, Superior and Ashland. When an alert is issued, law enforcement will target a specific area or areas. Citizens who believe they have information should call 911, or the phone number that may be issued as part of the alert.

An IMMEDIATE MESSAGE marked “Urgent” is sent to your Lottery terminal screen. It MUST be opened to continue normal operations.

1) Press READ to open the IMMEDIATE MESSAGE.
2) Scroll down through the enclosed Alert information. Press PRINT.
3) Press PRINT multiple times to have copies ready for interested customers.
4) After printing, press OKAY. The terminal resets to the Main Screen.
5) Display the Alert information for customers.
6) If updated messages are issued during the Alert, repeat steps 1-5.
7) Call 911, or a number issued with the Alert, if you see a missing child or adult, suspect, or wanted vehicle.

NOTE: The Alert IMMEDIATE MESSAGE will NOT interrupt a sales transaction, the printing of a ticket or report, or the validation of tickets.
AN ALERT PHOTOGRAPH may be sent to your terminal. When this occurs:

- The photo will appear in the middle of the Main Screen.
- It will most likely be a photo of a missing person, but could be a suspect, or vehicle.
- The photo will remain on-screen until the Alert is over.
- The photo cannot be printed or deleted.
- It does not affect Lottery terminal transactions.
- The photo is for your use only. DO NOT allow customers access to the terminal to view it. Players can view the photo on lottoview.
- You could receive an Alert photo and not be part of the Alert. (See below).

Unlike Amber Alert terminal mail messages, photographs cannot be sent to specific geographic areas. Alert photographs will be received by every Lottery terminal in the state.

If you receive a photo but do not receive the must-read urgent IMMEDIATE MESSAGE, you are not part of an Alert. In this instance, you will be sent a regular message you may open at your convenience. It confirms that the photo is associated with an alert issued outside your region and that no action from you is necessary.

**Lottoview & Public Alerts**

When an alert is issued the information will also be shown on the Lottoview for customers to view. This information may include human and vehicle descriptions.

Unreadable Ticket due to Equipment Malfunction

Retailers are not charged for Lotto tickets (“Unreadable Tickets”) that are unable to be sold due to EQUIPMENT MALFUNCTIONS. An unreadable Lotto ticket is a ticket which has numbers or a barcode that are not legible or only partially printed. If the terminal or printer malfunctions, reprint the last transaction by pressing REPRINT on the homescreen; then call the Retailer Hotline 1-800-242-7782 to report the problem. **Do not** sell or give the Reprint tickets to players.

To receive credit for the unreadable Lotto Ticket:

- Print a “Reprint” ticket by pressing REPRINT on the home screen.
- Call the Retailer Hotline 1-800-242-7782, to report the equipment problem.
- Write a brief explanation of what happened and complete the information requested on the Adjustment Envelope.
- Mail the “Reprint,” the ORIGINAL unreadable Lotto ticket and your explanation to the Lottery in a completed Adjustment Envelope. Adjustment envelopes are provided by IGT or your Field Marketing Representative 1-800-242-7782.

The credit, if approved, will appear on the Adjustment line of your Weekly Billing Invoice Report. Please allow up to 30 days for this adjustment. If the adjustment is disallowed, you will receive a letter of explanation.

It is very important to call the Retailer Hotline 1-800-242-7782 to report the problem. The potential adjustment **may** depend on this call. Send the “reprint” along with an explanation and the ORIGINAL unreadable Lotto ticket to the Lottery in an Adjustment Envelope. The ORIGINAL unreadable Lotto ticket must be sent to the Lottery. **Do not** use the Adjustment envelope for anything but unreadable Lotto tickets.

There is a **“No Cancellation/No Return Policy”** for any Lotto tickets produced in error.
Discontinuing Sales
If you have plans to sell or close an existing Lottery location, the “Retailer’s Notice of Intent to Discontinue Lottery Product Sales” form must be filled out completely and returned to the Lottery with a projected discontinue date. This form is available on the Lottery Retailer Website, http://retailer.wilottery.com or by calling the Retailer Hotline at 1-800-242-7782 to request the form.

Instant Scratch Tickets are NOT transferable to a different owner or different location.

• Complete the RETAILER’S NOTICE OF INTENT TO DISCONTINUE LOTTERY PRODUCT SALES form. Fax (1-608-264-6644) or mail this form to: Wisconsin Lottery, 2135 Rimrock Road, PO Box 8941, Madison, Wisconsin 53708-8941. Include any information regarding the new owners or status of the location following either the sale or closing.

• Two weeks notice should be given so that all necessary arrangements can be made to pick up equipment and Instant tickets by Lottery staff. FAILURE TO GIVE TWO WEEKS NOTICE MAY RESULT IN YOU HAVING TO MANUALLY RETURN YOUR INSTANT TICKETS AND DELAY YOUR FINAL STATEMENT!

• IMPORTANT: If the DISCONTINUE FORM is not filed prior to the time that the location changes hands, it will delay the licensing process for the new retailer.

See “Retailer’s Notice of Intent to Discontinue Lottery Product Sales” on the following page.

Instant tickets cashed > $50 prize.

Instant tickets cashed < $50 prize.

**How to Balance**

The Balancing Report does not show how many Instant Scratch tickets you’ve sold. Most retailers use an Instant Ticket Tracking Form to keep a count each day (or each shift) of the Instant Scratch tickets that they have sold. The next page shows a full size Instant Ticket Tracking Form. See our website ([http://retailer.wilottery.com](http://retailer.wilottery.com)) for more options.

The Lottery billing period is Sunday through Saturday. The Weekly Billing Invoice Report, a rollup of all terminal sales, prints out automatically every Sunday morning. You may also go to REPORTS, BILLING at any time to get any of the last 52 weeks of Billing Reports. Here is an explanation of terms on the Weekly Billing Invoice to assist you with your Lottery accounting.

**Lotto Sales, Total Lotto Sales**
This amount should equal your cash register Lotto sales. You may want to use two separate cash register keys, one to ring up Lotto sales and one for Instant Scratch ticket sales.

**Lotto Sales, Lotto Commission 5.5%**
You receive 5.5% commission on the total Lotto sales.

**Lotto Sales, Net Lotto**
Net Lotto is sales less your commission. 94.5 cents of each $1 ticket sold goes to Lottery prizes, administration and for property tax relief.

**Instant Packs Billed**
Pull-tabs and Instant Scratch packs due in that week’s billing period.

**Retail Value:**

**Instant Scratch tickets**
Retail value is the actual cost of the Instant Scratch tickets before commission is deducted. The Lottery will credit your account for all prizes $599 or less that you pay out.

**Traditional pull-tab tickets**
Retail value is the actual cost of the tickets before commission and the value of all prizes you will pay out. The value of the prizes to be paid out is identified as GLEPS (guaranteed low end prizes). You are responsible for paying out all prizes on traditional pull-tab tickets. Commission and the value of all prizes have been deducted from the cost of the pack. Players must cash traditional pull-tab tickets at the location where they were purchased.

**Instant Orders, Instant Commission 6.25%**
You receive 6.25% commission on the retail value of all tickets you order.

**Net Instant Orders** Billed amount less your commission.
Instant Returns
Instant returns is a credit (cost before commission) issued for returned packs of Instant Scratch tickets. Full unopened packs may be returned at any time. Partial packs may be returned during a Game End or when discontinuing Lottery sales. Opened packs of traditional pull-tabs are not returnable.

Cashes, Lotto Game Cashes
Cashes are credit for prizes paid on Lotto tickets. This includes prizes up to $599. Retailers are asked to cash prizes up to $599. If circumstances prevent you from cashing prizes to this level, please post your payment policy for players.

Cashes, Instant Cashes - High Tier
This credit is for Instant Scratch tickets cashed by you from $50 to $599. These tickets could be tickets you sold or sold by another retailer. The Lottery credits your account for all prizes paid out regardless of where they were purchased.

Cashes, Instant Cashes – Low Tier
This is a credit for Instant Scratch tickets cashed by you when the prize is under $50. The Lottery credits your account for all prizes paid out regardless of where they were purchased.

Cashes, Net Cashes
This is the net of all Lotto and Instant Scratch tickets cashed.

RPP - Winning Ticket
This is a credit line. You receive an incentive payment of 2% of any ticket you sell with a prize of $600 or greater. Subject to Retailer Performance Program guidelines.

Adjustments
This is any manual adjustment made to your account by the Lottery, which may include unreadable ticket credit and the $25 every three year licensing renewal fee.

Total EFT Amount
This is the amount that will be withdrawn or deposited to your bank account the Friday after the billing week.

EFT Payment Date
This is the date the EFT payment will be withdrawn or deposited to your bank account.

ATTENTION RETAILER

Thank you
Retailer Performance Program

Quarterly & Annual Sales Incentives - Part 1

Short-Term Incentives - Part 2

Winning Ticket Incentives - Part 3
The Retailer Performance Program is designed for retailers to earn incentives for increasing their Lottery sales. You now have the ability to increase income generated for your Lottery efforts. To participate in the Retailer Performance Program, you must be a retailer in good standing. The Retailer Performance Program has three parts. Part One pays four quarterly sales incentive payments and a fifth annual payment. Part Two pays retailers for participating in short term incentives. Part Three pays an incentive for the sale of winning tickets valued at $600 or greater. For more information on this exciting program, talk to your Field Marketing Representative.

Part 1 - Quarterly & Annual Sales Incentives

There are four quarterly sales increase payments. On a quarterly basis the Lottery may pay up to 2% on incremental sales increases as compared to your locations previous quarter’s sales on instant and daily Lotto games. There will be a fifth (annual) payment up to 10% on incremental sales increases as compared to your locations last years sales by selling category: Instant, Daily Lotto, and Jackpot. Earn up to 12% of sales increase annually!

There are four payments, each paid on a quarterly basis. Earn up to 2% on sales increases:

• INSTANT SALES: Each quarter you may be paid up to 2% on any increase of instant ticket sales compared to your last quarter’s sales.

• DAILY LOTTO SALES: Each quarter you may be paid up to 2% on any increase of daily Lotto sales compared to your last quarter’s sales.

There is a fifth payment on an annual basis. Earn up to 10% of the sales increase as follows:

• INSTANT SALES: Earn up to 10% annually on any increase of instant ticket sales as compared to your last year’s sales.

• DAILY LOTTO SALES: Earn up to 10% annually on any increase of daily Lotto sales as compared to your last year’s sales.

• JACKPOT SALES: Earn up to 10% annually on an increase of jackpot sales as compared to your last year’s sales.

Chain locations will be viewed as one entity for the annual payment. The annual incentive will be adjusted to the proportion of their locations that had an increase in sales against the total number of locations in the chain.
Retailer Performance Program
SHORT-TERM AND WINNING TICKET INCENTIVES

Part 2 - Short-Term Incentives

The Lottery will introduce multiple short-term incentives each year. Retailers will be notified by a terminal message, through informational materials and/or by Field Marketing Representatives. Each short-term incentive, per Wisconsin Administrative Code, cannot exceed a total of $300,000.

Part 3 - Winning Ticket Incentives

The Lottery pays a 2% incentive of the prize amount for the sale of winning tickets with prizes $600 or greater. There is a maximum $100,000 payment on any winning ticket per draw.

Complete details on the Retailer Performance Program can be obtained from your Field Marketing Representative.

All Retailer Performance Payments are subject to the administrative guidelines of the Retail Performance Program and contract compliance.

- The location agrees to maintain a minimum of four (4) instant game facings at a non-vending point of sale.

A location must meet the following two criteria:
- The location must have a “class B” liquor license*
- The location agrees to maintain a minimum of four (4) instant game facings at a non-vending point of sale.

For limited discretionary or test marketing placements, a location must meet the following criteria:
- The Wisconsin Lottery Vending review panel recommends placement.
- The location may be required to maintain a minimum number of instant game facings and price points at a non-vending point of sale, to be determined by the Lottery Vending review panel.

* “Class B” liquor licenses allow retail sale of intoxicating liquor (including wine) for consumption on the premises, and wine in original containers for consumption off the premises. If the community elects to, it may also permit sale of not more than four liters of intoxicating liquor (there are no limits on wine), in the original container, for consumption off the premises. Check local ordinances for the allowance. Examples: taverns and restaurants with full alcohol service.

The Wisconsin Lottery offers retailers the opportunity to receive our newest tickets via an Initial Distribution program, which delivers our new game(s) the Friday BEFORE the official launch date the following week.

Retailers that do not participate in the Initial Distribution program will be offered the new game(s) on their regular call day following the Initial Distribution date.

Retailers can participate at any price point and at any quantity.*

To find out how to participate in the Initial Distribution program please consult with your Field Marketing or Telemarketing Representative.

*The Lottery can reserve the right to limit quantities of certain games depending on seasonality and availability.
The Wisconsin Lottery’s Telemarketing department is now using upgraded software which calculates when a retailer will sell through a game by tracking the validation history of each game. This allows the Lottery to work with retailers to increase sales by assisting in ordering precisely what is needed for each location.

**Based on the number of game facings the software will:**

- Estimate sell through of a pack by tracking the validation percentage of each game.
- Indicate when a pack has reached a validation threshold so the game or price point should be reordered.
- Identify games that may experience a shortage before your next call.
- Provide predictive ordering information according to an established price point game mix.
- Calculate based on game mix and use six weeks of sales history to determine a suggested order.

**Benefits of using the suggested ordering:**

- Increased sales by providing detailed information about your inventory levels.
- Reduced out-of-stock situations.
- Tailored weekly telemarketing calls to your specific selling location.
- Focused on games that sell well in your store to recommend an optimal weekly order.

This software helps the Lottery assist retailers in achieving their sales potential. To learn more about suggested ordering please consult with your Telemarketing Representative.

Satisfying Lottery players and retailers, is the key to the Lottery’s success. The goal of the Winner Awareness Program is to reinforce the integrity of the games by publicizing the winners and create Lottery excitement.

Lottery posters of the winners are mailed to the retailers that sell the winning ticket over $599. We strongly suggest you display these posters. Your players will associate buying WINNING tickets with your store.

When a Jackpot winner has purchased a ticket from your store, the Lottery will often send a news release to the local media (radio, TV, newspaper) for publicity. It is suggested you include Lottery winners in your advertising, display pictures of winners, or request additional signage, to inform customers of the winner at your location.

Signage has proven to increase sales and is available at no charge from the Lottery. Please call 1-800-242-7782 or talk to your Field Marketing Representative for more information on ways to help increase your Lottery profits.

SUPER 2\textsuperscript{nd} CHANCE DRAWING

How to Enter
Players enter the SUPER 2\textsuperscript{nd} CHANCE DRAWING by collecting at least $5.00 worth of eligible non-winning instant and/or Lotto game tickets for which the prize claim period has not expired. On at least one ticket you must place your name, address and phone number, mailing labels are acceptable. Players must place their $5.00 worth of eligible tickets in an envelope no larger than 4.5 inches by 9.5 inches, and mail it to:

SUPER 2\textsuperscript{nd} CHANCE
PO Box 77006
Madison, WI  53707-1006

Each envelope is one entry, and each entry is eligible for only one drawing. Players may enter as many times as they choose, but they may only win once per week. Weekly, on Thursdays, unless Thursday is a holiday, ten eligible winners are drawn. Each of the ten winners will receive $1,000. Odds of winning depend on the number of entries received (approximately 50,000 each week). Entries not selected are destroyed after each week’s drawing.

Winners are notified and provided with claim information via the U.S. Mail the week following the draw. Upon receipt, winners should complete and mail back the claim information to the Lottery. The Lottery will then process the claim and issue a check.

See SUPER 2\textsuperscript{nd} CHANCE DRAWING Features and Procedures for details. The Lottery reserves the right to cancel the SUPER 2\textsuperscript{nd} CHANCE DRAWING at any time.
1. **My terminal is not printing tickets correctly.** The paper is jamming and sometimes the selected numbers are not printed correctly. What should I do?

   Call the Retailer Hotline 1-800-242-7782 and report the problem. Immediately produce a reprint ticket. Attach the Reprint Ticket to the questionable Lotto ticket and send with an explanation in the “adjustment envelope” (provided by IGT) to the Lottery. The Lottery will make the determination as to the adjustment of your account. Watch your BILLING STATEMENT for this adjustment. It will be for the amount of the “unreadable ticket” minus your commission.

2. **Can I sell a reprint ticket?**

   NO. Reprint Tickets cannot be sold or used to collect winnings. The Reprint Ticket should never be given to a player.

3. **I produced a Lotto ticket in error and would like to cancel the ticket and receive credit. What can I do?**

   There is a **“No Cancellation/No Return Policy”** for any Lotto tickets produced in error. We recommend selling the ticket to another player. As a good business practice, always verify ticket requests with player, get the money, and then press SEND.

   - Verify the name of the game.
   - Verify the number of dollars and number of days.
   - Collect the money.
   - When all above has been completed; press SEND.

4. **I am remodeling the store and need to relocate the terminal. What is the procedure?**

   Call the Lottery at least 13 business days in advance to coordinate the inside wiring move. Call the Retailer Hotline (1-800-242-7782) before unplugging the Terminal. The Lottery Terminal must be plugged into a dedicated electrical outlet.

5. **What is dedicated electric and why it is necessary?**

   The Lottery Terminal requires a dedicated electric circuit. This is an electrical circuit that has nothing else plugged into it, except the Terminal and Lottoview. If other equipment is plugged into this circuit, it could adversely affect your terminal with down time and lost sales. You may jeopardize your Lottery license if the dedicated electric regulation is abused.
6. **Do I need to leave the terminal plugged in all the time?**

   YES. Power to the terminal must remain ON at all times. DO NOT UNPLUG. The central computer system communicates important information to the terminal during off hours. The terminal should only be unplugged upon instructions from a Retailer Hotline operator. If you have terminal problems, call the Retailer Hotline 1-800-242-7782.

7. **When do Lotto and Instant Scratch games expire?**

   180 DAYS. Instant Scratch games expire 180 days following the declared game ending date. Lotto game tickets expire 180 days from date of the draw for which the ticket was purchased.

8. **When validating an Instant Ticket and I get the message “previously paid by other,” what do I do?**

   DO NOT PAY. Credit cannot be given as the ticket has been previously paid by another retailer location. The previous retailer did not tear the ticket and the player is trying to cash again. Do not confront the player. Suggest he/she send the ticket to the Lottery for payment. Always remember to scan the ticket to validate, then tear winning tickets in half through the validation barcode, and staple one half to the Instant Ticket Cash Slip.

9. **Where do the Lottery funds go?**

   Since 1988, the Wisconsin Lottery has managed the Lottery fund with the following results*:

   **Over $8.7 Billion Prizes Paid**  
   (56.8% of revenue)  
   At least 50% of total revenue must be dedicated to prize winnings

   **Over $4.6 Billion Funding for Property Tax Credits**  
   (30.1% of revenue)  
   This money has been returned to eligible Wisconsin taxpayers.

   **Over $970 Million Retailer Compensation Paid**  
   (6.3% of revenue)  
   This money goes to Wisconsin businesses.
Over $1.0 Billion Operational Expenses
(6.7% of revenue)
Includes expenses such as salaries, employee benefits, supplies and services
The Lottery has operated well below the mandated limit of 10%.

Since 1988, the Wisconsin Lottery has generated more than $15.3 billion in total revenue. Nearly 93% of that revenue has gone back to winners, retailers and Wisconsin homeowners.

*Figures are from inception through Fiscal Year (FY) 2019. Amounts from FY2019 are preliminary as of December 2019, and subject to change until completion of the audit. Percentages may not sum to 100% due to rounding.

10. What is an annuity prize?
An annuity is a sum of money payable annually or at regular intervals. Powerball, Mega Millions and Megabucks have top prizes that provide an annual annuity option. The Lottery uses the money in the prize pool to purchase zero-coupon bonds. Each of the bonds matures annually so the winner receives a check each year. By buying bonds the Lottery can offer larger prizes than a single, lump sum cash payment. The jackpot prize is paid in 25 annual installments for Megabucks and 30 annual installments for Powerball and Mega Millions. The estimated jackpot is the approximate value of the 25 or 30-year annuity prize.

11. What is a cash option?
The cash option jackpot prize is paid in one lump sum cash payment equal to the amount of cash available to the Lottery in the jackpot prize pool, which will be less than the estimated jackpot. This cash payment may be approximately one-half of the estimated annuitized jackpot as advertised by the Lottery.

12. What if I am presented an Instant Scratch ticket that cannot be scanned?
You may manually enter the ticket serial number. Touch INSTANT CASH, then manually enter the numbers on the back of the ticket, followed by the numbers on the front of the ticket.

Do not redeem tickets that you suspect have been tampered with or that are mutilated. Give the player a Claim Form and instruct them to send the ticket to the Lottery.
13. **What reports are available from the terminal?**
   - Balancing Report, which summarizes a day or week’s activities.
   - Billing Report, which is your weekly billing invoice (last 52 weeks available).
   - Winning Numbers Report, which provides the winning numbers of all games or a specific game and date.
   - Jackpot Report for Powerball, Mega Millions, Megabucks and Badger 5.
   - No Top Prize Report, which lists games with no remaining top prizes.
   - Additional reports and other information is available on the Reports menu and the Special Functions menu.

14. **Am I required to pay out prizes up to $599?**
    According to your contract you shall validate and pay, when reasonable, all winning tickets up to $599. Winners tend to tell friends where they won and will spend some, or, all of their winnings in your store. If circumstances prohibit you from cashing tickets up to $599, please post this information for players.

15. **May I return unopened packs of Instant Scratch tickets at any time?**
    YES. See your Lottery Field Marketing Representative or call the Retailer Hotline (1-800-242-7782) to request a Ticket Return form or obtain a Ticket Return form on the Retailer Website, [http://retailer.wilottery.com](http://retailer.wilottery.com).

16. **How do I get the In-Counter Instant Ticket Dispenser, Play Center or other point of sale items?**
    Please see your Lottery Field Marketing Representative or call the Lottery Retailer Hotline at 1-800-242-7782.

17. **Can a customer use a credit card to pay for a lottery ticket?**
    NO. Credit cards cannot be used to purchase lottery tickets. Wisconsin Statues allow for only cash purchases of lottery tickets.

18. **What happens if I don’t have enough money in the bank account for the EFT (Electronic Funds Transfer)?**
    Insufficient funds in a retailer bank account at the scheduled time of an EFT results in a Non-Transfer of Funds (NFT). NFTs that occur within a 12-month period, other than those caused by Lottery error, will result in the following actions:
1st and 2nd with no previous NFT Balance - $25 service fee (suppression of instant ordering and Lotto wagering may be performed at the discretion of the Lottery).

2nd with a previous NFT balance - $25 service fee and suppression of instant ticket ordering and Lotto wagering until the NFT is paid in full.

3rd NFT - $50 service fee and suppression of instant ticket ordering and Lotto wagering until the NFT is paid in full.

4th or more NFTs - $75 service fee and suppression of instant ticket ordering and lotto wagering. Contract termination review will be performed. Instant ticket ordering and Lottery wagering suppression remains intact until review results are complete.

The Lottery reserves the right to terminate the contract of any retailer who incurs three or more NFTs within a 12-month period. This policy reflects the results of improvements made to the NFT collection process now being used by the Wisconsin Lottery. The policy ensures that service fees and suspensions are administered uniformly. Please call the Retailer Hotline 1-800-242-7782 with any questions.

19. **Can players buy tickets through a subscription, by mail or by using a computer?**

   NO, Wisconsin Lottery tickets may only be purchased with cash and only at participating Wisconsin Lottery retailer.

20. **How can players find out the winning numbers?**

22. **How do players collect a big prize?**

    Winning tickets of $600 or more must be claimed at a Lottery office or by mail. Winners must sign the back of the ticket in the space provided. A winner
can claim any prize up to $599 at a Lottery Retailer* or Lottery office (claim forms are available at the Lottery office or most Lottery Retailers or may be downloaded at retailer.wilottery.com). By law, the ticket is the only valid receipt for prize claims. Players can contact us on our Player Hotline (608) 261-4916, or use our online contact form at wilottery.com to send us a note.

* Subject to the retailer’s practices.
** We recommend that you utilize a mailing method that provides you with proof of mailing. Please keep copies of your submissions.

23. Can winners remain anonymous?
By Wisconsin state law, any information state government produces, or controls, is available to any person requesting. The statutes are specific in determining what individual information may be subject to this law. Only information “in the public’s interest” may be released by a government agency. For Lottery winners this means that it has (1) been determined that it is in the public’s interest to know there have been Lottery winners (as the proceeds of the Lottery are for public use, i.e., Property Tax Relief) and (2) the Lottery must, upon request, release the name and hometown of winners. Any other information about the winner, their future plans or any background information will only be released with the winner’s consent. The winner may or may not speak to the media. It is not required, nor can it be prevented.

24. Do winners have to pay taxes on their winnings?
All lottery winnings are taxable. The Lottery automatically deducts federal income tax withholding for winners $5,001 or greater and state income tax withholding for winners over $1,999. These are deducted following current state and federal guidelines.
25. **If the overall odds of winning a prize on an Instant Scratch ticket are 1 in 10, how come someone bought ten tickets and didn’t win?**
   The odds are calculated by taking the total number of tickets printed divided by the total number of prizes available. Where the prizes end up when the tickets are printed is determined by random, computer generated formulas. Although any particular string of ten tickets may not produce a winner, there is just as much possibility that another string of ten tickets could produce several winning tickets.

26. **If a player wins a jackpot prize, but dies before getting all of the scheduled payments, what happens to the remaining payments?**
   The remaining payments are given to the estate of the winner (Wis. Stats. 565.30 (1).)

27. **What happens to prizes that are not claimed?**
   The value of unclaimed prizes is credited to the Lottery Funding for Property Tax Credits.

28. **Can I cash tickets for more than $49?**
   YES. You may cash winning tickets up to $599. Be sure to scan the ticket and verify that it is a winner.
