FOR IMMEDIATE RELEASE

## **\$200,000 Powerball Winning Tickets Sold in Algoma and West Bend** *Estimated jackpot for Wednesday drawing \$1 billion*

**MADISON, Wis.** – Two \$200,000 winning tickets were sold for the Monday, July 17 [Powerball](#) drawing. The tickets were purchased at **Kwik Trip** on 806 S. Main St. in West Bend and at **Jandu Petroleum** on 1101 Lake St. in Algoma.

Both tickets added the \$1 *Power Play* option to their *Powerball* play. The result – two \$50,000 winning tickets turned into two \$200,000 winning tickets because of the 4X *Power Play* multiplier.

The winning tickets matched four of five numbers (5-8-9-17-41) but not the *Powerball* (21).

July has been a hot month for Wisconsin *Powerball* players. Since July 1, eight big winning tickets ranging from \$50,000 to \$200,000 have been sold at retailers across the state.

For the third time ever, the *Powerball* jackpot has reached the one-billion-dollar mark! The jackpot is currently estimated at \$1 billion for the next drawing on Wednesday, July 19. The jackpot has an estimated cash value of \$516.8 million.

The jackpot ranks as the seventh largest U.S. lottery jackpot and third largest *Powerball* jackpot, only behind the world record \$2.04 billion *Powerball* jackpot won last year and the \$1.586 billion *Powerball* jackpot won in 2016.

Even though the jackpot was not hit, the Wisconsin Lottery urges players to check their tickets for one of the [nine ways to win](#). The Monday drawing produced more than 2.8 million winning tickets nationwide, with players winning lower-tier cash prizes worth a combined \$41.7 million.

The Wisconsin Lottery also reminds players to please play responsibly.

*Powerball* drawings are Monday, Wednesday, and Saturday at 9:59 p.m. Tickets must be purchased before 9 p.m. to be included in a drawing. *Powerball* tickets are \$2 per play, with the option to buy the *Power Play* feature for an additional dollar.

The odds of winning a \$50,000 *Powerball* prize are 1:913,130. The odds of winning the *Powerball* jackpot are 1:292,201,338.

For the \$1 *Powerball Play* add-on option, the odds of a 4X multiplier being drawn last night were 1:14. *Power Play* does not apply to the jackpot. A \$1,000,000 prize can become \$2,000,000 with the *Power Play*. The *Power Play* multiplier for the \$1,000,000 prize can never be greater than 2X.

### **ABOUT THE WISCONSIN LOTTERY**

The Wisconsin Lottery enriches communities statewide by giving back 93 percent of its revenue to winners, retailers, and Wisconsin homeowners. Since 1988, the Wisconsin Lottery has generated:

- More than \$18 billion in total revenue
- Over \$10.2 billion in prizes paid
- More than \$5.4 billion in funding for property tax credits to eligible Wisconsin homeowners
